IEEE ICAC 2019 and IEEE SASO 2019
June 16 - 20, 2019, Umeå, Sweden
Corporate Support Prospectus

The Organizing Committee of the 16th IEEE International Conference on Autonomic Computing (ICAC 2019) and the 13th IEEE International Conference on Self-Adaptive and Self-Organizing Systems (SASO 2019) would like to invite you to participate as a sponsor at the upcoming federated event FAS* 2019 – Foundations and Applications of Self* Systems to be held in Umeå (Sweden) on June 16-20, 2019.

ICAC is the leading conference on autonomic computing techniques, foundations, and applications. ICAC brings together researchers and practitioners from disparate disciplines, application domains and perspectives, enabling them to discover and share underlying commonalities in their approaches to making resources, applications and systems more autonomic. Further information about ICAC 2019 is available at http://icac2019.cs.umu.se.

SASO is the leading conference on self-adaptive and self-organizing systems, providing a forum for the foundations of a principled approach to engineering systems, networks and services. SASO embraces the inter-disciplinarity and the scientific, empirical and application dimensions of self-* systems; it thus aims to attract participants with different backgrounds, to foster cross-pollination between research fields, and to expose and discuss innovative theories, design principles, frameworks, methodologies, tools, and applications. Further information about SASO 2019 is available at http://saso2019.cs.umu.se.

There are several opportunities for your company/association to be involved in FAS* 2019 to increase your visibility and for networking. By sponsoring FAS* 2019, you will be supporting our conferences and enabling the next generation of researchers, practitioners and developers to attend and participate in FAS* 2019 via travel grants. Sponsorship benefits will provide ample opportunities to engage with top quality graduate students from around the world and recruit them to your organization for internships and full-time positions. Our past sponsors include Google, HPE, Huawei, IBM, Microsoft, NEC Labs, Raytheon BBN, SAP, VMware, and more!

Please have a look at the available support categories, or reach out to us at the contact details provided below if you don't find a suitable solution but would still like to support FAS* 2019. We are happy to work with you to find the best custom solution that fits your needs.

Best Regards,
Anshul Gandhi, Stony Brook University, USA (anshul@cs.stonybrook.edu)
Alessandro Vittorio Papadopoulos, Mälardalen University, Sweden (alessandro.papadopoulos@mdh.se)
Industry and Sponsorship Co-Chairs for ICAC 2019 and SASO 2019 (FAS 2019)*
